REPORT ON PLAY GROUND CLEANING ACTIVITY

DATE: 21.09.2024

On a bright and sunny day, the NSS volunteers of our institution were taken to nearby playground in HRBR layout to conduct a cleaning drive. The ground was in dire need of attention as it had become a breeding ground for unwanted plants and garbage, upon reaching the location, our team was welcomed by few people who reside there and they briefed us about the work that needed to be done.

The NSS Volunteers, under the guidance of the staff, divided themselves into groups and started cleaning the playground. The groups were assigned specific areas of the ground to ensure that the entire area was thoroughly cleaned. The teams worked tirelessly, clearing the weeds, and collecting the garbage, which was later segregated to proper disposal.

Our volunteers were equipped with gloves and other necessary equipment, ensuring the safety while working on the ground. The cleaning process took several hours, and by the end of it, the playground was unrecognizable. The NSS volunteers had done a tremendous job, and the people around it was grateful for the hard work put in by the team.

The activity was a massive success, and the NSS Volunteers were happy to have contributed to the betterment of the playground. The cleanliness drive also helped instill a sense of responsibility among the volunteers and taught them the importance of maintaining a clean environment. Overall, it was a great learning experience for everyone involved.
